Eight twenty-four North Calvert St. is a three bay wide, three story high building with a stone foundation wall. All the windows are flat, symmetrically organized and double hung. The flat roof features a parapet wall unadorned by a cornice.

Elements of the first story facade include three stone steps leading to a stone stoop and flat wooden door. To the right of the door are two windows of 1/1 lights, with stone sills and lintels. A simple cornice visually partitions the first and second story facades.

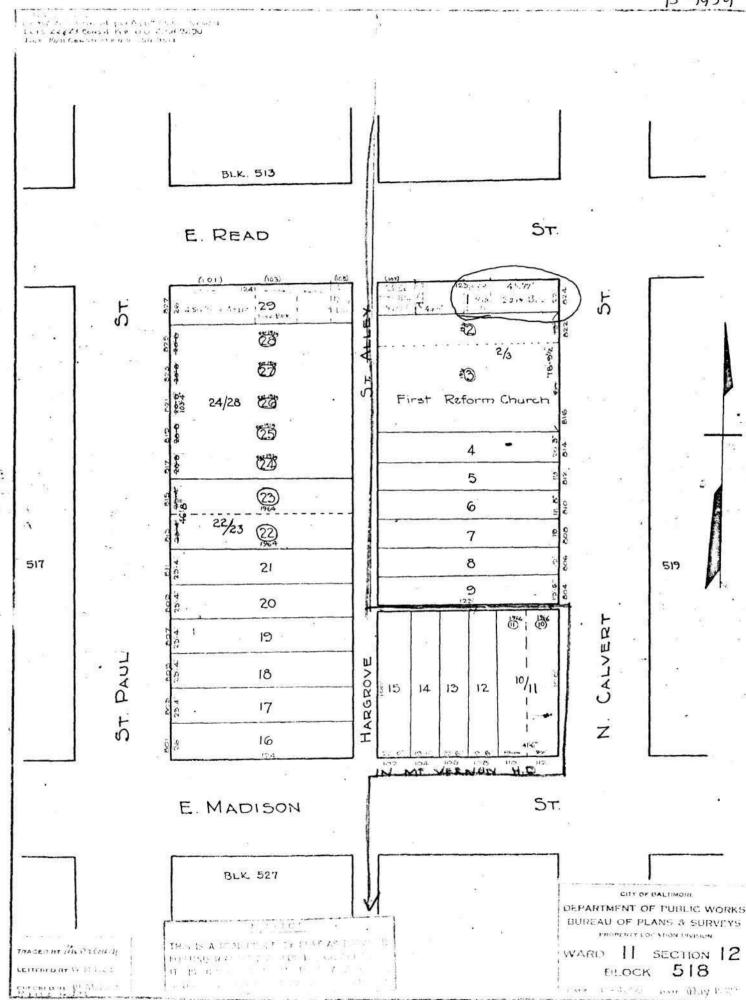

The latter, of painted brick, is puncturated by three windows of 2/2 lights. All six of these windows have stone sills, and splayed brick lintels.

The foundation wall is punctuated by two jalouses.
